

# ROAMING MEALS

Let your guests mingle and avoid seating plan dramas with roaming meals, so your auntie and your mum can ignore each other from opposite sides of the room if they like. Our roaming meals are perfect for relaxed, social events, and weddings where guests can enjoy delicious, chef-crafted dishes designed for on-the-go enjoyment. Each small meal is served street-food-style but with elevated ingredients, inspired presentation, and restaurant-level finesse. With roaming meals your event can have a relaxed vibe without the stress of formal, seated dining.
